PLEASE READ THIS MANUAL CAREFULLY TO ENSURE SAFE USAGE AND MAINTENANCE

How to operate and maintain

Assembly

1. Remove contents from carton.
2. Lay transfer bench upside down on a flat surface.
3. Attach leg with the large suction cup by depressing the brass push pin and inserting into the receptacle with the matching "1". Repeat for second leg (Figure 1).

Figure 1

4. Attach leg with small rubber tip by depressing brass push pin and inserting into the receptacle with matching "2". Repeat for second leg (Figure 2).

Figure 2

Figure 3

5. Turn transfer bench right-side-up. Attach armrest by depressing brass push pins and sliding into the arm receptacle on the side of the bench. Make sure the arm arcs outward, not inward (Figure 3).
6. To assemble backrest, insert pole into backrest support by depressing push pin and sliding into receptacle. Repeat for second pole (Figure 4).

Figure 4

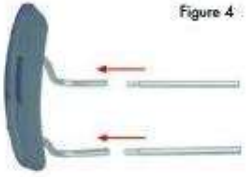

Figure 5

6. Insert backrest into base by depressing push pins and sliding supports through both receptacles.

Note: backrest must go through both sets of receptacles to become secure (Figure 5).

NOTE: Back support is reversible to accommodate left or right tub entry. You can also change the seat depth of your transfer bench by pushing the pins under the seat and sliding the tubes forward until the pins lock into place.

7. Place legs with suction cups into bath tub.
